Cottage Garden Table Runner

9am-4pm

The Cottage Garden table runner from Simple Graces has very quickly become one of Kim Diehl's most popular workshops. Its design makes it approachable for any skill level, and its size makes it "do-able" without becoming another class UFO.

Piecing of the table runner background must be completed before class.

Instructions will be sent with supply list. Participants need to have Kim's book Simple Graces or the October 2008 issue of Better Homes and Gardens American Patchwork & Quilting.

Saturday, April 16, 2011 Gathering Garden Quilt

9am-4pm

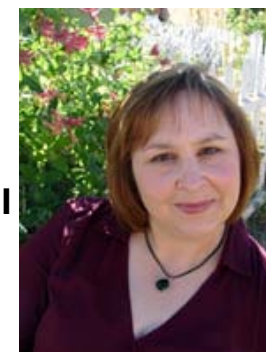

The Gathering Garden is a new design for Kim and was featured on the cover of the January issue of Australian Quilting Magazine.

Some pre-work is required for this project. You will be sent supply lists and piecing instructions upon receipt of your class application. Basic quilting experience is recommended. Good for all levels.

Kim Diehl

Kim makes her home in scenic Idaho with her husband and daughters, and her frequently-spoiled little dogs. In 1998, with just the third quilt she'd ever made, self-taught quilt maker Kim Diehl entered and won American Patchwork & Quilting magazine's "Pieces of the Past" quilt challenge. Kim began publishing her original designs and in 2004, she began partnering with Martingale & Company to share her "tradition with a twist" quilting designs and time-saving techniques through her books. To date, she's authored four titles in her best-selling "Simple" series. Her fifth book, Simple Graces, was recently released.

Although Kim loves using traditional needle-turn methods to hand stitch her appliqué designs, she has developed a technique that enables her to machine-stitch her appliques in a fraction of the time, and still have the appearance of being hand sewn -- Kim has seldom needle-turned a seam since!
